

Report

“We are what we repeatedly do, Excellence, therefore is not an act but a habit”

“Management is actually about managing oneself”

These were the words of the eminent Lawyer Mr. Rajdeepak Rastogi in one of the sessions of the orientation programme of our prestigious institute. We felt overwhelmed to see the welcome given to us by the R.A. Podar Institute of Management family of now whose we are new proud members.

A 5 day orientation programme was conducted to help us understand the purpose for which we are supposed to be here for the next 2 years. These five days were divided into various sessions comprising of a total, 32 guest speakers who were rarer of the rarest to share their best knowledge truly imbibed by all of us. These speakers were not just speakers but they were actually the reservoir of knowledge. We were fortunate to have personalities like Mr. Arora who with his golden words gave us the message of how to lead a happy life by making bliss book, scrapbook & learning to appreciate others.

Dr. (Mrs.) Tanjul Saxena rejoiced us by her charming personality & taught us to walk on the untravelled paths of life. The marketing Guru & the Director of the Swaroop College of Information & Technology Mr .Saket Mathur presented a very interesting session showing us the various concept of modern marketing. We were truly blessed by the Head of Dept. of Psychiatry & Additional Principal of SMS, Medical College, Jaipur – Dr. Shiv Gautam who taught us how to overcome stress in this modern era of competition.

Dr. SK. Sharma awakened our mind by showing us the adverse future of Pepsi-Burger eaters. So, in all, we had the best of the personality to acknowledge us. Mr. Payonidhi Kasliwal a well known businessman & chemical engineer showed us the ABC of Success ABILITY, BUILDS, COURAGE – We also had the opportunity to hear the heart throbbing shayari of Mr. AW, the valuable experiences from the renowned personalities from the field of public service like Mr. J.S. Rao, & the AGM of the IDBI Bank – Mr. Vinayak Dutt.

“All work & no play make Jack a dull boy”. The institute believes not only in achieving the heights in academics but on the over all intellectual development of its students. The programme which was packed with fun & learning ended with a fabulous refreshment & dance party organized by our seniors who extended their full support to us. They are actually our guiding stones. So, life would actually rock at Podar. We really hope that we would be able to create many more new success stories here.

GOOD LUCK TO ALL !
