

ORIENTATION PROGRAMME

This 5 days orientation programme was an entirely new experience... A thought that struck in our minds was only, 'we are just some identity less small pieces of entire world full of knowledge... We were not taught about any subject of our curriculum but, every word was for various contingencies of our life, the ups and downs of corporate world, importance of value system and much more to guide us straight to success....

Each time we experienced a new and better personality, it was felt whether 'it was the best' but subsequently, got BETTER THAN THE BEST....

This experience to hear from such big personalities like Justice Shiv Kumar Sharma, Mr. Vipul Chaturvedi, Mr. Mouzam Ali, etc. developed in our minds the ZEAL and ENTHUSIASM to be better managers and above all, better human beings.....
